## Council Continues Debate On \$25,000

Legality Challenged;  
GC Firm Would Do Job  
Without Extra Fee

An extra \$25,000 fee to a Pittsburgh engineering firm for work on the proposed Granite City pollution treatment plant continued to be the subject of controversy in the city council Monday night.

Aldermen Walter Nann and Frank Vesci contended, on advice of the engineering firm, that the extra fee was necessary and unavoidable.

However, Edward Juneau, of Sheppard, Morgan & Schwaab, local engineering firm that completed a comprehensive study of the sewers in 1962, told the Press-Record he had his firm receive the contract there would have been no additional \$25,000 charge, either for general updating or for determination of industrial waste load handling.

Last week when interviewed at his Springfield office in the state health department, Douglas B. Morton, a Sanitary Water Board adviser, told the Press-Record the Sheppard, Morgan & Schwaab reports were comprehensive and in great detail.

He added the latest report on sewer content and flow tests was dated in 1961 and need only be updated. Morton declined to comment on the \$25,000 figure other than to say that "it's \$25,000."

Dec. 17 Report Disclosed  
Vesci and Nann referred to the Pittsburgh engineers' statement in a report dated Dec. 17, that never was presented to the council. It stated the Sheppard, Morgan & Schwaab report was incomplete.

The report was not available last Monday night nor at this week's session. Vesci told the Press-Record it was in the mayor's office. Mayor Davis was not present at Monday night's session but made the report available yesterday.

Legality of last week's approval of the agreement with Chester Engineers was challenged Monday night by Alderman Morris Brown. He said the approval included an expenditure of money, was not by a two-thirds majority vote of elected aldermen, and that the text was not read to the council. City Atty. John Gitchoff ruled a two-thirds vote was not required.

Vesci opened the treatment plant discussion by saying the local firm of Sheppard, Morgan & Schwaab, which prepared plans for the defeated pollution abatement drainage plant, would have had to make additional tests.

"I don't believe people will be glibly enough to believe the Press-Record editorial and think we're giving \$25,000 away," he said.

Changes Obvious  
Since the proposed pollution plant is to handle both sanitary and industrial waste, it would have had to make additional tests.

## Raises Offered Range From \$22 To \$61 A Month

Another \$16 To \$55  
Next Year; Teachers  
Seek \$38-\$77, \$27-\$66

(First of a series)

Although teachers' and board members' views differ on the Granite City school district's financial ability, there are many fundamental facts about which there is no dispute. In the latter category are present pay, what is sought and what is offered.

Each of the approximately 500 teachers is listed for a monthly pay raise of at least \$22, the amount by which the board has offered to increase the salary schedule. It would be retroactive to September 1962, and more than \$100 already has been accumulated for each instructor at the \$22 monthly rate. This fund now exceeds \$50,000.

Automatic salary increases accorded each teacher with 11 years or less of teaching experience also are paid by the school district. These range from \$11 to \$39 monthly. With the \$22 offer, raises of \$33 to \$61 are in store for all who have not yet reached the last year of the new schedule.

Request By Teachers  
The request by Teachers' Local 743 amounts to \$18 a month for the current school year, \$11 to \$33 for the next year, and \$11 to \$33 for the year after next. The schedule would get \$50 to \$77 more.

Meeting the request would mean monthly pay boosts ranging from \$38 to \$77, instead of the \$22-to-\$61 range which has been offered.

For next year, the offer amounts to \$16 to \$55 a month (\$16 plus \$11-\$39), and the request other than to say that "it's \$27 plus \$11-\$39."

294 Advancing Up  
A breakdown of 488 Granite City teachers' salaries, not counting administrators, librarians and nurses—shows 294 still advancing upward on the schedule and 194 at the top.

All of the information thus far in this article has related to the salary schedule brackets for the years of experience.

Another aspect of the schedule is the \$22 monthly increase of university degrees and advanced study toward additional degrees.

Simultaneous Raises  
An example, not particularly typical, illustrates the way a teacher can get three simultaneous raises. A teacher with two previous years of experience, a bachelor degree and 175 credit hours was paid \$600 a month in 1961-62. This year, if he received his master's degree, he could receive \$680 a month.

Confronted with information supplied by Alderman Samuel Whitmer, Granite City council members voted Monday night not to pay for two new street department dump trucks delivered last week.

Whitmer said he learned the trucks did not meet specifications set by the city in the cubic displacement of cylinders. The council voted unanimously to hold up the payment of \$6,469.

Estill Von Schmitt, chairman of the Street committee, who recommended the trucks on the low bid, was advised to contact the agency, Midland, and two street improvements by Granite City council members Monday night. State approval and a legal opinion are pending.

Bids for the work were opened Jan. 1 p.m. Monday in the office of the comptroller and were presented to the council that night. Bidders, who are to be cleared in the downtown area, and Alexander and Ralph streets are to be improved.

## 19 File For New Village Offices

Hicks, Staiff seek  
Presidency; Filing  
To End Tomorrow

With one day remaining to file petitions of nomination for the first election in the newly formed village of Pontoon Beach, 19 candidates have filed. There is opposition for every office.

Candidate petitions for the March 23 election will be accepted at the office of County Clerk Miss Eulalia Holz in the court house at Edwardsville until 5 p.m. tomorrow. The incorporation election was held Dec. 8, carrying by 14 votes.

Filed for the office of president are Willard Hicks, 3808 Lake drive, former Nanticoke township clerk, and Thomas L. Staiff, 3836 Lake drive, who heads the Citizens' Representative Party and also is filed as an independent candidate, as is Hicks.

Marvin Ward, 2804 E. 3rd street, had filed for village president, but withdrew his petitions on Monday. "I'm 68 and retired, and I decided it would be better for younger people to serve on the new board," Ward told the Press-Record. He is a retired Granite City Steel Co. bricklayer.

Clerk Candidates  
For town clerk, Mrs. Ferdin (Nancy A.) Rosales, 4041 N. 1st street, has filed as an independent. Filed under the party ticket and also as an independent candidate for the office is Edith Phelps, 3809 B street.

Those filed as independent candidates for the six-member board of trustees are: Fred Schmidt, 4285 East Lake drive; Arlene A. Hultgren, 3848 S. 1st street; Arhus 134 the top; Lake street; Raymond W. McCoy, 4100 South drive; Donald Ray McNew, 3808 B street; Chester E. Dean, 4204 East Lake drive; William D. Pates sr., 4108 South drive; James C. Hutchins, 4108 South drive.

Undergo Surgery  
This Week  
The following are recovering at St. Elizabeth Hospital from surgery they underwent this week:

Frederick 1308a Niedringhaus, home; Ollie Wright, 318 Slough road; Vera Lura Palmer, 2524 Waterman avenue; Edith Hand, 5033 S. 1st street; Peggy Bly, 2936 Denver street.

Alderman Says Trucks Fail  
To Meet City Specifications

Confronted with information supplied by Alderman Samuel Whitmer, Granite City council members voted Monday night not to pay for two new street department dump trucks delivered last week.

Whitmer said he learned the trucks did not meet specifications set by the city in the cubic displacement of cylinders. The council voted unanimously to hold up the payment of \$6,469.

Bids for the work were opened Jan. 1 p.m. Monday in the office of the comptroller and were presented to the council that night. Bidders, who are to be cleared in the downtown area, and Alexander and Ralph streets are to be improved.

A question arose on the award of the two street projects to the low bidder, G. H. Sternberg & Co., since Sternberg has filed to run April 2 for the Seventeenth ward alderman post.

His low bids were accepted, with a reservation that City Atty. John Gitchoff is to determine if there might be a conflict of interest.

Construction Job  
Accident Fatal To  
Morris Brown, 40

Morris Brown, 40, of 65 Riverview, died Tuesday morning in a heavy crane section fell on him at a construction job at East Alton.

Brown was a mechanic with the M. H. Waite Construction Co., and was working at the new Olm Matheson Chemical Corp. mill under construction at East Alton.

He was struck by a boom section which was being changed on the crane.

He was taken to St. Joseph's hospital in Alton, then transferred to Barnes Hospital in St. Louis. He was pronounced dead about 45 minutes after the accident.

Born at Chaffield, Minn., Mr. Brown had been a resident of Granite City for 10 years. Prior to that he lived in Springfield since 1945.

Mr. Brown was a veteran of world war II. He belonged to the Lincolnian fraternal organization at Springfield and was a member of the International Union of Operating Engineers.

Survivors include his wife, Helen; a son, Morris Jack Brown, and a daughter, Maureen Bonnie Brown, at home; a brother, Robert Brown, Rochester, Minn.; a sister, Mrs. Frances Krenzke, Elgin, Minn.; his parents, Mr. and Mrs. Henry Brown of Eyota, Minn.; and nieces and nephews.

## Levee District Budget Public Hearing Feb. 8

Adoption of a \$900,900 budget for 1963 is scheduled by the East Side Levee & Sanitary District following a public hearing on the budget and appropriation ordinance at 10 a.m. Friday, Feb. 8.

The hearing will be held at Levee district headquarters at 2642 McCasland avenue, East St. Louis. A copy of the proposed budget, about \$14,000 less than the 1962 budget, is on file with the clerk of the levee district and available for public inspection.

The directors declared a first quarter cash dividend of 35 cents per share of common stock, payable March 15, to stockholders of record Feb. 20. The same dividend was paid quarterly in 1962.

The more rapid depreciation allowed by the new guidelines added \$1,492,000 to the \$6,517,000 that Granite City Steel would have provided for depreciation in 1962 on the old basis.

The new tax credit for assets placed in service during the year reduced the company's federal income taxes by \$470,000 and added \$228,000, or 5 cents per share of common, to net income as reported.

Vesder said the combined effect of those changes in tax provisions, neither of which existed in 1961, was to allow the city Steel to retain \$1,450,000 that would otherwise have gone into tax payments and, "for that extent, strengthened our ability to pay dividends."

He was taken to St. Joseph's hospital in Alton, then transferred to Barnes Hospital in St. Louis. He was pronounced dead about 45 minutes after the accident.

## Few Persons On Hand To Greet Him When He Arrives About 11:45

Orville E. Hodge walked through the double prison gates today at Menard Penitentiary, Chester, with \$81.67 in his pockets and wearing a \$27.50 prison-made suit.

Following a brief session with about 40 newsmen, including a Press-Record reporter, Hodge climbed into a waiting auto driven by Mayor Davis. With him were Hodge's son William, and Thurl Jones, manager of the local Belleme Hardware store, where Hodge will work.

Hodge, who looked happy and contented, also was joined by two Springfield attorneys who aided in his release. Local Atty. Gen. Robertson, who spearheaded the Hodge release move, was unable to make the trip because of a court session in Springfield.

As he passed through the warm of newsmen, Hodge declined to comment on his crime, a theft of over \$100,000 from the state. He served six years, five months and 11 days of a 10-12 year term which was shortened to 10 years by Gov. Forney.

"I, of course, am happy to be free once again," Hodge said in response to a question.

"I am certainly in a position to say that a man can only appreciate the value of his liberty of freedom after he knows what it means to be deprived of it."

"I am a family man and I love the kind of life which will justify the judgement of the government and parole board in releasing me."

"I do not consider the years I served in prison as lost years because they made me aware of the service which one can perform for others and I am proud of the contribution I was able to make to the prison system in which I have spent the last 6 1/2 years of my life."

"I also am grateful to a system of administration in the penitentiary, as directed by Warden Ross Randolph, which gives an inmate an opportunity to learn a trade or to further his education. Warden Randolph will regard me as his friend."

"Grateful To Friends"  
"I am also grateful to the many friends who have encouraged me and written to me while I was in prison and to my family and friends who worked so hard to secure my freedom. They are truly wonderful friends and I am grateful to them for all they have done for me."

### Trials To Start Feb. 14 For 14 Who Pleased Innocent

Trials are being set at Edwardsville for the week of Feb. 14 for 14 individuals indicted for crimes in the Quad-Cities area. All 14 have entered pleadings of innocent before Probate Judge Austin Lewis, who handled the arraignment following last week's January term grand jury report.

Bobby Gene Arms, 22, of the 2100 block of Delmar avenue, will be tried for the rape of a 12-year-old Granite City girl Jan. 8. He admitted to local police that he forced the girl into his auto on Nidderhough avenue and drove her to a lonely road near Sunset Hill where the offense took place.

George Everett Spearman, 22, of 812 Jefferson street, West Madison, Floyd Jenkins, 20, of 114 Lee Wright Homes, and Phillip A. White, 19, of 1229 Logan street, Venice, were indicted on a charge of rape of a 14-year-old girl in the Eagle Park Acres area recently.

**Strongarm Robbery**  
 Ivan Foster, 21, and Larry Ash, 22, both of Edwardsville, were indicted for the strongarm robbery of Ernest French, a 71-year-old Granite City tavern operator. The two allegedly ambushed French in his garage Jan. 3 as he returned home after closing his bar for the night. He was robbed of about \$142.

# Alderman Says

(Continued from Page 1.)

The city bought six-cylinder trucks. "I was aggravated over the letter, but they (the dealers) have a legitimate complaint," Whittier said. "I see that now."

Alderman Rufus LeMaster, who was presiding in the absence of Mayor Davis, commented: "The council is blind as to specifications."

Several aldermen called for the Street committee to secure a refund.

Alderman Schmittou said he was told the trucks did meet specifications.

**Trucks In Operation**

"We already have the trucks in service," Alderman Walter Nomm remarked, when it was suggested they might be returned. "When they're on the streets and in use, they're yours. We already told the payment last week," he added.

Nomm was advised the payment was on the bill list for approval at the meeting Monday night. Nomm then agreed the city should seek an adjustment.

Comptroller John Doher was called upon and said he was advised by the truck salesman that the displacement was 297 cubic inches and that an alderman had approved the trucks since the displacement was "so close to the specifications."

The alderman giving approval was not named.

Schmittou said again at this point that he was told the trucks met the city's specifications.

Supt. of Streets William Warfield was called upon and said he was unaware the trucks did not meet city specifications. He added that he did not know about the motors.

Whittier said the firm should install the proper motors or receive an adjustment.

**UNITED FUND CAMPAIGN AWARD** presentations were made yesterday afternoon during a meeting at the YMCA. Among those receiving awards, presented by Ernest A. ## Park Board Incumbents Circulating Petitions

The filing period for candidates in the April 2 Granite City and Venice park district elections will open tomorrow. As of this morning, only members of the two park boards whose terms expire this year had obtained petitions from park secretaries.

Earl Bloomquist, member of the Granite City park board, has picked up petitions, as have John Mitchell and Thomas Bruder of the Venice park board.

The filing period in both districts closes March 2.

Whittier said the firm should install the proper motors or receive an adjustment.

## UF Campaign Awards Go To Employee Groups, Firms

Employees groups, businesses and individuals were honored yesterday afternoon at a United Fund campaign awards meeting at the YMCA.

Thirty-two employee groups received plaque awards "shingle" awards. "Shingle" awards went to those already having plaques from previous years.

The award presentations were made by Campaign Chairman John McBride and Co-Chairman Ernest A. Karandjeff.

McBride told the group the campaign, while not 100% reached 98.3% and contributions totalled \$294,236. "That's nearly 100% of the 1962 goal and we know the 17 United Fund agencies are grateful to the hundreds of volunteers who made the contributions for their support," he stated.

## City To Try Again To Get \$100,000 From Levee Board

Another effort will be made by the Granite City council to collect \$100,000 from the East Side Levee & Sanitary District.

The city claims the Levee board promised to pay \$100,000 toward the \$280,000 cost of Aubrey-St. Clair avenues trunk sewer line replacement. The city was to have received the money in 1962, but the district has not installed eight years ago under the levee district's portion of the project to provide sanitary sewers for the Namekama area.

The city has not heard a word from the levee district concerning the \$100,000 since December 1963. Betty Crocker was Mayor Davis, who was out of town and not in attendance at Monday night's council session. It is to write a registered letter to Lawrence Tolar, president of the levee board, requesting the money.

**Hoelscher Named To State Grievance Panel**

C. W. Hoelscher of Granite City, manager and secretary of the East Side Manufacturers' Association, and Dr. Irving Howards of Southern Illinois University's local government center, Carbondale, have been appointed by Gov. Kerner as members of a panel to help resolve the grievances of state employees.

The panel will be concerned with 29 southern Illinois counties, including Madison and St. Clair, and will consider state employee grievances only after all other means have been exhausted.

After hearing a grievance, the two-member panel will submit its recommendations to the state director of personnel, who then makes a final decision in the matter.

Having scored first in her school in the knowledge and aptitude test on homemaking given senior girls in December, the winner's paper has been entered in competition with those of other state high school winners for statewide honors.

The State Homemaking of Tomorrow will be named in the spring. She will receive a \$500 scholarship from General Mills, sponsor of the program. A \$500 award will be made to the second highest ranking winner and the school of each state winner will receive a set of Encyclopaedia Britannica.

for a week. That ended in a tie, 6-to-6 vote, with a debate over the refusal to vote by Alderman Samuel Shackelford. Some said his vote should go with the majority (six) no votes, while others said a refusal to vote constitutes an "aye" vote.

It went with the "aye" votes.

However, following the argument on "fairness" between Schmittou and LeMaster, Alderman Schmittou submitted a motion for the kids of Stenberg to be accepted, subject to a ruling by the attorney next week.

**Blat Under Engineer Estimate**

Stenberg bid \$38,000 on the Alexander street project which was below the city engineer's estimated \$45,385. The other bids were \$36,851 by A. H. Seebold Co. and \$37,524 by Bituminous Fuel & Oil Co.

The street is to be improved from East 23rd street to East 13th street, a distance of 1134 feet, with an asphalt surface curbs and related drainage.

For the Ralph street project, where similar improvements for a distance of 1321 feet from East 27th to East 29th street are to be carried out, Stenberg bid \$25,521. The engineer's estimate was \$31,081. Other bids were \$26,332 by Seebold and \$27,316 by Bituminous.

## Sever Cleaning Bids

The sewer cleaning contract, slated as a motor fuel tax project only for arterial streets, was awarded, pending state approval, to National Power Rodding Co., Chicago, on a bid of \$39,237. It was \$8199 over the city engineer's estimate of \$30,038. The only other bidder was DiPaolo.

## Chester Engineers To Arrive Here On Monday

Two representatives of Chester Engineers, Pittsburgh, Pa., will arrive in Granite City Monday to spend about a week to begin studies for the city's sewage treatment plant, Mayor Davis said yesterday.

The engineers are Walter Zabun and T. R. Haseltine, who will do preliminary work for a program of measuring, sampling and analyzing city sewage.

In a letter to the mayor, Haseltine said the surveys should be completed by late February or early March.

Other survivors include three other sons, Lesley Black of Clarksville, Tenn., Thurman Black of St. Jacob and Joe Black, in the U.S. Air Force at Scott Air Force Base; a daughter, Mrs. Erleen Moss, Marine; and 22 grandchildren.

## Water Meter Freezing Eases With Temperature

Complaints of frozen water meters began slowing down yesterday, but have totaled nearly 300 in the Quad-Cities area since last Thursday. It was reported today by the East St. Louis & Interurban Water Co.

The complaints averaged 40 to 50 a day late last week and early this week. "Just a few are coming in now," a spokesman said.

The company was notified yesterday afternoon by police that water was flowing into the street at 27th and Iowa streets.

## Daughter Born To Former Resident

Announcements have been received of the birth of a daughter, their first child, to Dr. and Mrs. Irvin Yarmo of Chicago, Tuesday. The baby weighed five pounds, 12 ounces and has been named Stacey Lynn.

Mrs. Yarmo is the former Marjorie Beck of this city, a daughter of Mr. and Mrs. Charles Beck, 2309 Lincoln avenue.

It was discovered a line under a house porch had broken. "The house had been unoccupied a couple of days. We turned the line off," a water company official said.

## Emergency Treatment For 2 Youngsters Who Fell

Two youngsters were given emergency treatment at St. Elizabeth Hospital on Tuesday for injuries suffered in falls from a bunk bed and a chair.

Catherine Garner, five years old, daughter of Mr. and Mrs. Fred Garner, 2201 Glen driven, suffered injuries to both wrists and her nose in a fall from the top of a bunk bed; and George Joseph Portunick Jr., 13 months old, of 2349 Clark avenue, suffered a cut to his tongue in a fall of a chair.

## Care Advised In Seeking Aid On Income Tax Form

"In seeking professional assistance in preparing your 1962 Federal income tax return, it's best to consult only qualified and competent firms or individuals," Jay C. Philpott, district director of the Internal Revenue Service, said today.

Members of the accounting and legal professions usually provide excellent assistance, Philpott noted.

There are four points to keep in mind in selecting a tax advisor.

For example, do not patronize a tax advisor who: "Does not have a permanent place of business or address. You might have to call him in case IRS questions the return. "Wants a refund check sent to his address. "Claims that he can obtain a large refund for you or ask for a percentage of your refund check as a fee, or "Suggests that you claim dependents or deductions to which you are not entitled.

## Eagle Park Acres Water Service Drive Underway

Plans were announced Tuesday for a drive to secure water service to homes and business firms in Eagle Park Acres, an unincorporated community which now has no such service.

Cleveland Johnson, 201 Watson road, said water mains will be installed by the East St. Louis & Interurban Water Co. If all the 232 consumers in Eagle Park Acres sign for such service and pay an initial deposit.

In a letter to Johnson, water firm Assistant Manager W. R. Mize said a deposit of \$103 would be required of each of the 232 consumers. He said the company has surveyed the matter, and estimates installation of over 16,000 feet of two and three-inch line would be required.

## Boy, 6, Unhurt When Knocked Down By Auto

Michael Sibley, six years old, escaped injury Tuesday afternoon when he was struck and knocked down by a slow-moving auto in front of his home, 3111 Rodger avenue.

The boy, a first grader at Sacred Heart Annex, was taken to St. Elizabeth Hospital by his parents, Mr. and Mrs. Birchard Sibley, for an examination.

The motorist, a man, stopped and talked to the boy, and then drove off, according to the police report.

Mrs. Sibley said Michael and his brother, Mark, nine were returning home from school and Michael was crossing the street when the accident occurred.

## GCAARC Working On Budget, Plans Day Camp

The Granite City Association for Aid To Retarded Children met Monday evening at St. John Lutheran Church of Christ with Mrs. Francis Coggins, president, in charge.

There was a discussion of the budget for the year and plans to hire a coordinator for the summer day camp to be held at Wilson Park.

Also discussed was a bake sale in March by Park Two, Cub Scouts, Frank Krim, submaster, will work with the two Den Mothers, Mrs. Betty Schwallier and Mrs. Edith Laycock, on the project.

Plans for the year and plans to hire a coordinator for the summer day camp to be held at Wilson Park.

Johnson said the federal Housing and Home Finance Agency has studied the problem, but cannot offer financial assistance because of the nearness of water mains. He said a federal loan could be arranged only through creation of a fire protection district.

Talked With ICC  
Johnson conferred with Martin J. Dolan, examiner for the Illinois Commerce Commission, when the latter was conducting hearings at Belleville late last year. Dolan later advised him in a letter of state requirements in the matter.

The water company must extend service to Eagle Park Acres on request, Dolan said. However, if the estimated cost of construction exceeds two and one-half times the anticipated annual revenue to be gained from such extension, the new customers must pay the cost.

"The lack of water is one of our greatest problems out here," Johnson said. "Not only does it add to the dangers of fire, but it also is a health hazard which could affect the entire community."

Johnson urged that all Eagle Park Acres residents who are interested in the project contact him for further information concerning financing and other related problems.

## Elected Sought On Jurisdictional Issue

Efforts still are being made to arrange a meeting between the Fox Brothers Iron and Metal Co., St. Louis, contractor for demolition of former plant buildings on Owens-Illinois Co. property in Madison, and three unions involved in a jurisdictional dispute relating to the demolition work. The unions are the Laborers, Operating Engineers and Longshoremen.

Owens-Illinois initially negotiated with the Harder Contracting Co., St. Louis, for removal of unused buildings and the water tower of the former railroad car foundry now partly used to produce corrugated boxes. Later, the Fox firm was designated to carry out the demolition, which has been started.

In a statement from its Toledo, Ohio, headquarters this week, Owens-Illinois noted that at the jurisdictional issue involves the Fox Brothers firm and has no connection with the box manufacturing plant, which is continuing in operation.

## Baby Talks: Birth Control Pills: Hospitalized

Karen Roberts, 18-months of age, of 304 Kirkpatrick Road, was treated at the St. Elizabeth Hospital emergency room yesterday. An attendant said the child had taken nine birth control pills. She was released after treatment.

Also treated yesterday was Terry Ashburn, eight, of 2038 Thirteenth street. She was released after emergency room care for burns from hot grease on her right hand and forearm.

sewage and storm water, instead of just sanitary sewage as originally planned, the Chester Engineering firm pointed out on Dec. 17 report that more details would be needed to determine amount of flows and sewage content from industries.

What industries will continue to use city sewers for industrial wastes once the treatment plant is in operation will determine its size.

Industries' operations will depend on the method of financing the plant—a decision which has yet to be made.

If general obligation bonds are used, industries probably will continue using city sewers for wastes. If revenue bonds are used, some industries, such as Granite City Steel Co., might install their own treatment plants.

This was discussed in detail in advance of the Oct. 2 revenue bond vote.

Parents and Friends of Students enrolled in the schools of Granite City Community Unit #9 School District.

Do you know:

1. That your schools are not fully staffed? Not enough degree teachers could be located in order to fill all vacancies.
2. That non-degree teachers are currently employed in the school district?
3. That retired teachers have been employed as substitutes?
4. That teachers were still being hired after the official opening of school?
5. That the current enrollment (1962-63) of 12,682 students will increase to 13,658 next year. If there is not a sufficient number of teachers to fill the district's needs this year, how will next year's needs be met?
6. That in some elementary school classes there are in excess of forty-five students to a classroom? This is in excess of the recommended number.
7. That 45 teachers resigned in the school district last year? How many will resign this year?

Clearly these conditions indicate that your children are not getting the best possible education.

Representatives of the American Federation of Teachers, Local 743, will be happy to answer any questions about the above statements before any organized group in the community.

**1,200,000 Tons Production**  
Granite City Steel produced 1,200,000 tons of ingot steel in 1962; shipped 970,000 tons of plates, sheets and other flat rolled steel products, including tin plate and galvanized sheets, and had net sales of \$136,401,000. Those results compare with 1961's production of 1,282,000 tons, shipments of 973,000 tons, and sales of \$139,048,000, and earnings of \$9,011,000, or \$2.08 per common share.

The demand for steel "has picked up modestly since its 1962 low point in the third quarter," Yeeder reported. "Inventory reduction is no longer acting as a drag on ordering and there has been a healthy demand for such steel-using consumer durables as appliances and automobiles."

Granite City Steel, he added, has had encouraging results from intensive effort last year to achieve a more efficient operation and a stronger position in two key product areas, galvanized sheets and tin plate. "The Press-Record wants to run the city. I hope they enjoy the newspaper. They enjoy the newspaper. They enjoy the newspaper."

Alderman Donald Partney criticized the committee for its push tactics. "The council should have been kept informed. Why was I on the committee and didn't know I had been removed?"

Partney Estimates Cost  
He estimated the treatment plant cost could go as high as \$6,500,000 and that it was necessary for council members to know every detail.

Other council members said they had talked to Juneau and had been advised Sheppard, Morgan & Schwaab would have to redo the program to submit plans for a treatment plant. Juneau told the Press-Record it would be necessary to determine the method of financing a larger treatment plant and to interview industries on their plans, but that the cost of such work would have been included in his regular engineering fees.

FREE AT LAST, Hodge pauses on the prison parking lot outside the gates to speak a few words into a newsman's microphone. Next to him on his right is his son, William, whom he embraced moments before. On the steps at the rear are a prison guard, Warden Randolph and other newsmen.

Final Night of Prison Duty for Hodge was operating the radio system. He adjusts a program here from the control room about an hour before going off the air for the last time last night.

which included the \$25 from the prison, gifts and some of the \$7.50 a month he had earned at the prison.

Last Act Is Signpost  
His last act as Prisoner No. 25-303 was to sign out.

The newsmen also had to sign out. Hodge was pursued by cameramen who pressed him for further comment.

"I'm going to live by the rules," Hodge went before climbing into the car.

He arrived about 11:45 today at the home of his sister, Mrs. Beulah Hodge, 5664 Cleveland Blvd., where a few newsmen and well-wishers had been waiting for him nearly two hours.

Hodge, who now is 58 years old, was slimmer by 10 pounds. He weighed 205 when he entered prison and now is 175 pounds. One of his first activities will be to visit a doctor for continued treatment of a kidney ailment and ulcers that hospitalized him several times during the past six years.

Interviewed Last Night  
Hodge was interviewed last night in the prison by Press-Record Reporter Russell Brown.

The interview took place after 9 p.m., less than 12 hours before his release. And Hodge was to be in his prison office operating the radio station which pipes programs to the prisoners' cells.

He sat at a table-desk in gray, cotton prison garb.

The office was about 20-foot square. Hodge adjusted knobs and switches while the interview was underway. He was jovial and straight-forward in his talk.

He said he had no intention of returning to public life, but would prefer to live quietly helping his sister in the operation of the hardware store and possibly aiding his son in the insurance business. Hodge formerly operated a real estate and insurance business here. The firm continued in operation when he became state auditor.

As the interview was underway, Hodge was handed a telegram by Warden Randolph.

It was from Rev. David Maxton, pastor of the local First Presbyterian Church, and read: "Welcome Home. May God bless every step of your new life."

Hodge said he planned to do everything in his power to make up to his friends the embarrassment he caused them.

Now To Make A Living  
"It's my job now to make a living. By the way, I'd like to sell you some hardware," he told the Press-Record reporter.

But he kept up with the interview to meet his two grandchildren, one of whom he had never seen before today. He also said he plans to meet Rev. Maxton.

When asked about his wife, Margaret, Hodge said she was working in a dress shop in Fort Lauderdale, Fla. This is the first time he has been able to make it here for the reunion. "We'll have our reunion later," he added.

His first plans are to see a local physician. And then he plans to find a home of his own. He had an offer to live with his son, "but I didn't want to crowd him. My sister has more room."

With only a few hours remaining to his prison term, Hodge recalled the first six months were the "toughest."

The former state auditor and one-time government aspirant, said he was in and out of the prison

William Gierke was president for the first two years. During McGee's presidency, the group purchased an apartment building on Broadway and has completed payment on the debt. Rent and proceeds from the yearly festivals are to be used to establish a war memorial.

The 1963 homecoming celebration and other topics were discussed Tuesday night, and Pace said he will call another meeting within the next ten days.

Grier was later stopped by Washington Park police, after the girl's father and a neighbor had pursued him and got a description of the auto. The neighbor was in pursuit of Grier at the time.

In addition to the attempted kidnapping charge, Grier was charged with carrying a concealed weapon, a knife. He is in the East St. Louis city jail, with bond set at \$2500.

Washington Park police charged Grier with speeding, failure to stop at two stop signs and failure to heed a red light and siren. They said he had to be subdued at gun point.

## Boys Give Up, Girls Take Over

"If the weather gets too rough for the boys, we'll take over," that's the attitude of a group of girls here this week after an incident which convinced them the boys are not so tough after all.

Members of a boys' club had picked up containers to collect funds at a "roadblock" for the March of Dimes. They were out for a time, then gave it up. "Too cold," they said.

Pam Goodin, co-chairman for March of Dimes youth activities, heard about it and went into action. She and the girls took over. They collected \$38.

HAWAIIAN LEIS are presented to students arriving at a luau dance at Venice high school. The school gym was decorated to fit the Hawaiian theme, complete with a waterfall and an Hawaiian hut. The dance was sponsored by the VHS Red Cross. Students shown are, from the left, Karen Rodgers, Ken McMullen, Mike Jare Gray, Diane Weber, Joe Mangi and Barbara Manier.

## Annual Venice TAP Dance Set For Feb. 22

The publications class at Venice high school will again sponsor the annual TAP-Teens Against Polio-dance, this year scheduled for Feb. 22.

Each class at the school is to nominate candidates for TAP king and queen, with balloting to be in the form of contributions to the National Foundation.

Containers labeled with individual candidates' names will be placed around the school to receive contributions. Winners will be named on the basis of funds collected.

All proceeds from the TAP dance, along with contributions made in the name of the candidates, will be forwarded to the National Foundation for its use in work against crippling diseases.

**VHS STUDENTS** received their report cards Monday, and most have now recovered from the shock or surprise. The reports served as a reminder that the school year is now half completed.

**THE VHS CHORUS** is scheduled to participate in a March of Dimes talent show Saturday night at Nameoki school. No admission will be charged, but contributions will be accepted.

**MARY MARGARET CARUSO**, president of the VHS Red Cross organization, said today the Hawaiian Luau dance last week was considered very successful. She said students attending seemed highly pleased with the decorating scheme, which included a waterfall at one end of the gym and a Hawaiian hut for which refreshments were served.

## Youth Is 'Ultimate Weapon,' Educator Tells Graduates

A veteran educator told members of the 1963 January graduating class at Granite City high school Monday night "the ultimate weapon" is rightly directed youth.

George F. Brock, principal of Aurora's West senior high school, said the education and guidance of youth offers the world its greatest hope of survival.

When people learn to work out the problems between themselves and nations through mutual understanding, Brock said, they will no longer have to depend on guided missiles.

Brock, who has traveled in Canada, Europe and the Soviet Union as well as throughout the United States, said youth offers the greatest hope — today's youth are tomorrow's leaders.

**Former Coach**  
Before taking the Aurora principalship 10 years ago, Brock served seven years as principal of Edwardsville high school. He formerly served 13 years as a teacher and coach in schools in Wisconsin and Missouri.

He served three years on active duty as an officer in the U. S. Navy Reserves during world war II, and has a son, John, who is a commissioned Navy reserve officer.

Brock delivered the commencement address to a class of 62 graduates, by present plans the final January graduating class at GCHS. Diplomats were awarded by Robert N. Spender, president of the board of education.

**Class Speeches**  
Class speeches were delivered by Lois Medlin, valedictorian; Carolyn McRaven, salutatorian; and Ricky Copeland, class president. Principal Lawrence C. McCauley and Supt. Harold M. Kaiser were also on the program.

Special music for the commencement exercises, attended by an estimated 600 persons, was provided by the school band under the direction of Louis Meek. Vocal music students, under the direction of Warren Simpkins sang two numbers.

The class was the 102nd to be graduated from Granite City high school.

# Madison Comes From Behind To Top Panthers, 68-55

## Skinner Leads Second Half Surge; Prough Scores 30 For Jerseyville

"This has been happening to us all year," Jerseyville Coach George Havens sighed as he tipped a cup of coffee in the high school athletic office Tuesday night.

His Panthers had just been tripped up by a Madison basketball club which shook off first-half doldrums and won by a 68-55 score which did not indicate the closeness of the non-conference contest—or at least the first three periods of play.

Jerseyville, getting a whale of a shooting performance from in-and-out'er-Tom Prough, who was starting only his second game this season, had the Trojans in trouble until the home club raced away in a typical fourth-quarter Madison performance.

"We got a team down and then can't hold them," Haven continued. "It was the same story in our game with Litchfield (an eight-point winner) last week, and we've gone into overtime twice after blowing late leads."

The 8-7 Panthers jumped to a 13-9 first-quarter lead against lefthanded Madison and managed to keep their heads above water until Cecil Bell popped in a baseline shot midway through the third period to tie the score at 37-37.

**Skinner Leads Comeback**  
While Jerseyville got unexpected points (30 of them) from Prough, Madison also came up with a sleeper in guard Gary Skinner.

Skinner, who did not start the game but took over for Tom Lubak began to feel the effects of the first quarter, banged them in from all over in the second half and finished with 21 points. "Undoubtedly his best ballgame," said MHS Coach Earl McClanahan. "He came in and got the job done."

Skinner had 17 of his points in the last half, and it was his tip-in of a missed shot at the buzzer which put Madison ahead to stay after three periods, 45-43.

Prough was more consistent, if anything. He hit at least two times from outside in each period and finished with 12 baskets in 18 attempts.

"It's the first time he's come through in a game like this," revealed Haven. "He's been

**Unihw Archers Plan March Field Tourney**

### SCHOOL PACK MEETING

A regular monthly meeting of Cub Pack 19 was held Monday evening in the Washington school gymnasium with approximately 85 cubs and cubsers present.

Joe Blason welcomed Mr. and Mrs. Jake Hayes and Mr. and Mrs. Robert McCord, parents of two new cub scouts, to the pack. A report was given by Mrs. Ruth Laswell.

Cubmaster George Birdsong explained in detail plans for the blue and gold banquet which will take place Feb. 25.

The program began with a flag ceremony conducted by Den One and led by Den Chief David Polivick. Bobcat pins were presented to the new cubs, Rodney Hayes and Robert McCord. Other awards went to Jerry Cundiff, Tommy Adams, Michael Richardson, Jimmy Hayes, Dennis Meyers and Ronald Keeton. Den One presented a play entitled "Freedom Symbols," and Den Three a sketch called "Guess What?" while Den Four entertained with a song.

Mrs. Betty Hoots received a four-year pin for serving as den mother that number of years. The highlight of the evening was a "cake walk," with cakes being furnished by the mothers of the scouts.

The attendance banner was won by Den One. The meeting was closed with prayer and refreshments were served.

## Plant Worker Dies Suddenly; Carbon Monoxide Blamed

Cleo H. Eller, 52, of 1914 Edwardsville road, was dead on arrival at St. Elizabeth Hospital at 9:30 p.m. Monday after he apparently was stricken with heart attack brought on by carbon monoxide poisoning.

Mr. Eller was working in the cab of a Granite City Steel Co. diesel railroad engine, on these two other became ill. He awoke from the engine at the steel company plant, then suddenly collapsed.

The other men, Edward Tolbert, 52, of Glen Carbon and Ralph Bradford, 39, of 2124 Alton avenue, Madison, were treated at the St. Elizabeth Hospital emergency room and released.

Deputy Coroner John Sedlack, who will conduct an inquest, said Mr. Eller suffered from a heart ailment which may have contributed to his death. He said there is no question the death was caused by carbon monoxide fumes, however.

Autopsy Performed  
Sedlack said he has not yet received the complete report of an autopsy performed by a St. Louis pathologist, but understands the report indicates carbon monoxide as the cause of the attack.

A formal investigation of the incident was underway at the Granite City Steel Co. today, but no further information was available. A company spokesman said every effort will be made to find the exact circumstances of Mr. Eller's death.

Mr. Eller was born at Johnson City, Ill., and had lived here three years at the time of his death. He previously lived six years at Edwardsville, and before that had lived in Granite City 25 years.

He was a member of the First Church of the Nazarene and belonged to Local 50 of the International Chemical Workers Union.

Survivors include his wife, Violet; a son, Mickey; Cleo Eller of Madison; four step-sons, Willard, Foster of Roxana, James and Jerry Foster of Madison; and William Carney of Dover, Tenn.; a step-daughter, Mrs. James (Willie May) Lutz of Mitchell; a sister, Mrs. Evelyn Allen, of St. Louis; and four grand-children.

Funeral arrangements for the funeral will be made at a later date.

## Wrestling Title To Warriors Again GC Eliminates Closest Rival E. St. Louis; Record Is 6-0

Louis completed its season with a 5-3 record. Granite City will face Wood River next Friday night and closes its season at home on Feb. 13 against Belle-ville. Tuesday, Schmitt's boys wrestle their last non-conference opponent, Normandy, in a 7:30 home meet.

Coupled with a 37-9 win at O'Fallon Tech Tuesday afternoon, the Warriors now claim a 12-1 season record. Against Wood River and Belleville, they will be attempting to come through a conference slate unbeaten for the sixth straight year.

The outcome of two bouts last night was especially heartening to Schmitt. Sophomore Rich Grizzard, making his first varsity appearance, shut out his 120-pound opponent, while heavyweight Mike Fry upended the 160-pounder, who had pinned Fry twice in previous meetings this season.

The varsity match results: 95 pounds—Pat Lapinski (GC) pinned Ron Owen, 3:55; 112 pounds—Harlan Boatright, 5:25; 133 pounds—Cavanaugh (GC) pinned Ron Owen, 3:55; 150 pounds—Dan King (GC) defeated Neil Tobin, 13:30; 170 pounds—Grizzard (GC) defeated Gary Hess, 11:00; 190 pounds—Tom Vassileff (GC) defeated Ken Zim, 6:40; 235 pounds—Tom Miskley, 5:40; 285 pounds—Coats (ESL) pinned Mike Schmitt, 3:55; 330 pounds—Willis King (ESL) defeated Jim Sumner, 6:40.

East St. Louis had more hopes of tying the Warriors for the SWC title, provided GCES last night. But the Redmen romped out in front, 19-3, winning the first five bouts, and the deficit was too much for the Flyers to make up in their stronger heavier weights.

The Warriors are now 6-0 in conference dual meets; East St. Louis, 6-2.

154—Pat Caussey (GC) defeated Bill Nattatall, 5-4; 165—Denny Petroff (GC) pinned Nave, 4:35; 180—Bob Hill (ESL) defeated Gary Forshee, 4:35; heavyweight—Mike Fry (GC) defeated Leroy Reader, 6-3.

Granite City's unbeaten jays were 35-5 winners at East St. Louis, with Bob Yates, Mike Nichols, Pat Kincaid and Boun Stark coming up with five-point pin victories.

Decisions were won by Kerry Cavanaugh, Bob Finley, Kerrie Kern, Ed Broyles and John Evenden. Losing by decision were Leroy Weaver, Leroy Tidwell and Glen Warren.

Accustomed to getting away to an early lead, Granite City took defeats in the first two bouts at O'Fallon Tech Tuesday.

Schmitt, "a little worried," said Coach Bill Schmitt. "We went into the 133-pound match trailing by one point, but with two sophomores going for us and not too good a record among our heavier boys."

Schmitt need not have worried. The Warriors swept the final seven matches, including four by pins, with sophomores Tom Miskley and Mike Mounce performing well and Pat Caussey making his first victory since joining the team.

"They (O'Fallon) showed us more strength than ability," Schmitt said. "We had the edge in technique—and fortitude."

Granite City's junior varsity

kept a clean slate by defeating Tech 33-9. Pins were by Rich Bledsoe, Glen Warren and Ernie Kern, decisions by Kerry Cavanaugh, Rich Grizzard, Pat Kincaid, Mike Nichols, Terry Young and John Evenden.

Losses were suffered by Bob Yates, Leroy Tidwell and Ed Broyles.

The varsity match results: 95 pounds—Larry Bryant (OT) won state championship defeated Paul Lapinski, 4-0; 105—Steve Henderson (OT) defeated Steve Cavanaugh, 10-0; 112—Skip McMillan (GC) pinned Mike Sanchez, 2:45; 120—Dan King (GC) defeated Jack Bordeaux, 9-5.

127—Milton Epps (OT) defeated Tom Vassileff, 3-1; 133—Tom Miskley (GC) pinned Sam Owen, 3:25; 155—Mike Mounce (GC) defeated Jim Williams, 4-2; 165—Jim Sumner (GC) defeated Lavelle Harris, 7-1.

154—Pat Caussey (GC) pinned Ron Warren, 3:49; 165—Denny Petroff (GC) pinned Tom Backer, 4:27; 180—Gary Forshee (GC) pinned Jim Johnson, 5:05; heavyweight—Mike Fry (GC) defeated Al Hight, 6-3.

St. Louis Cardinal shortstop Dal Maxwell of Granite City will take part in the program along with Granite City school baseball coaches Joe Fedora, John Toccoff, Conrad Champion, former professional player Bob Siegemien and former minor league manager Dean McGovern.

The 9-12 a.m. program also is open to park district baseball team managers. It will be held at the Coolidge junior high school.

## \$80,000 MFT Funds Sought For Removing Old Tracks

A resolution calling for an \$80,000 motor fuel tax fund allocation for removal of abandoned trolley tracks from 14th to 18th street on Madison avenue was approved by Granite City council members Monday night.

The resolution, which had to be altered due to an error, is to be forwarded to the state highway department for approval of the allocation.

The original resolution set the \$80,000 figure for removal of tracks from 14th to 18th street, but it was pointed out a single set of tracks extends to 19th street. From 18th to 14th street there is a double set of tracks.

The city late last year received \$30,000 settlement from Illinois Terminal Railroad Co. for removal of the rails—a job estimated to cost \$18,000 for all streets in the city.

The \$30,000 has been set up in a special street fund, and the city has been making application for MFT funds to remove the old trolley tracks. An application for funds to remove tracks from State street also is pending.

There also are abandoned tracks on Niedringhaus avenue, Adams street and 23rd street.

## Plane Crash Survivor To Be Brought Home

The family of Edwin R. Rich, 53, is making plans for him to be brought to a hospital in this area as soon as he can be moved. Rich was the sole survivor of an airplane crash Jan. 15 that killed five persons near Barter Island, Alaska.

The crash victim is hospitalized in Fairbanks. He was flown there from the crash scene, 392 miles to the northeast.

His parents, Mr. and Mrs. E. S. Rich, reside at 2838 Madison avenue, and his brother, Ernest (Pat) Rich, resides at 3310 Washburn avenue.

Rich is a sector supervisor for Federal Electronics Corp., a firm that builds and maintains early warning radar facilities along the American-Canadian DEW line in Alaska and the Northwest Territories.

## Mothers March Tonight: Annual Campaign Climax

A major effort toward reaching a goal of \$100,000 for the annual Mothers March campaign is being made this evening by volunteer workers for the 1963 March of Dimes.

The "Mothers March" door-to-door collections are made.

Nina Bigley, chairman of the Quad-Cities chapter of the National Foundation, said tonight's drive will give residents throughout the community an opportunity to contribute to the March of Dimes without leaving their homes.

An expected 700 volunteer workers, under the direction of Mrs. Max Metz of 4113 Maryville road, will collect funds in all parts of Granite City, Madison and Mitchell, Venice conducts a separate fund raising program.

"Quad-Cities Accomplishments." "Quad-Cities have given their share in the past to the March of Dimes," Mrs. Bigley said.

The contributions have had a part in the accomplishments which the National Foundation celebrates this month during its 25th anniversary.

"Nationally, these accomplishments include two polio vaccines and two Nobel prizes for research; financial aid for more than two-thirds of a million persons afflicted with polio, birth defects and arthritis; and scholarships and fellowships to 10,000 students in the health professions."

"It is a formidable record," Mrs. Bigley continued, "and it cannot be matched by any other volunteer health agency."

Funds Spent At Home. She said over 50 birth defects, arthritis and polio patients were aided in the Quad-Cities last year with March of Dimes funds.

The Quad-Cities chapter of the National Foundation spent \$30,000 for such patient care during the year.

"We have had the satisfaction of seeing that we can help people who are disabled lead normal lives," she said, "it is this idea of neighbor helping neighbor which has given the March of Dimes its strength over the years, and I think this same idea will make possible even greater accomplishments in the next 25 years."

Extended Scope. "Them's the 1963 March of Dimes is 'Give... for the life of a child.' Funds raised will be used in research and education as well as treatment and patient care. The National Foundation has extended its work to other crippling diseases in addition to polio."

Following the "Mothers March" tonight, the Quad-Cities chapter will sponsor a talent show and a style show as final fund raising activities. No admission will be charged to either event, but contributions will be accepted.

The talent show is scheduled for 7 p.m. Saturday, Feb. 2, at Nameki school. The style show is to be at 1 p.m. Wednesday, Feb. 6, at the Washington Theatre.

Other special fund raising activities sponsored by the March of Dimes include a bowling tournament now in progress and a benefit basketball game set for 7 p.m. Wednesday at the Granite City high school gymnasium.

1963 Poster Girl. Guest of honor at all events is Miss Pat Lipinski, 12-year-old daughter of Mr. and Mrs. Stanley Lipinski of 2724 Myrtle ave-

## Committee Study Not Needed, Solons Decide

After an exchange over the functions of city council committees took place Monday evening between Alderwoman Mrs. Gabrielle Bettine and Alderman Walter Nann.

Mrs. Bettine, a member of the City Hall committee, took exception to Nann's motion for bills to be sought to buy a filing cabinet for the city engineer office. She contended the committee should first look into the matter.

Nann, who was pinch-hitting for the absent committee chairman, Cameron Skubish, said the need for the cabinet was urgent and there was not need for further study.

Mrs. Bettine's request for a study was repeated, but no action on it was taken by the council.

Bids are to be sought.

Permit Ok'd For Gas Main In Lee Avenue Alley

## City Insurance Fee To Increase \$4200

An increase of \$4200 in the premium for the city's liability insurance is being sought by the insurance firm, it was reported to the Granite City council Monday night by City Atty. John Gichoff. No action was taken by the council, pending further study to determine if the payment is to be made or the policy dropped.

The city paid \$13,900 annual premium and has claims of about \$20,000 pending as a result of sidewalk falls. One recent settlement amounted to \$17,000, paid by the insurance firm.

Gichoff said he was advised of the increase by James Henderson of the Leaders Agency, which handles the policy. "We've been unable to get bids on this type of insurance in the past," Gichoff said. "And a quick decision is needed since we got the notice early this month."

## Survey Is Urged

# GC Council Again Debates Need For More Stop Signs

A "protective" stop sign on Benton street at 23rd street is again to be given study by the Granite City council.

The street committee was instructed Monday night to look into the request made by the fire department. Several months ago a similar request was rejected.

At Monday night's meeting a survey to determine the need for all stop signs in the city was proposed, but no action was taken.

Objection to the additional stop sign on Benton street was made by Alderman Charles Meyer, who pointed out the street had been intended for a major thoroughfare.

"Two Many Stops" "With all the stops going in you might as well close it off to through traffic," Meyer commented.

Alderman Rufus LeMaster answered Meyer, saying 95% of the traffic was out-of-towners who "pay not a penny of taxes to the city."

Meyer pointed out a stop sign had been placed at 21st and Benton streets to serve a church, and another recently was placed at 25th street.

The request by the fire department was to give the emergency vehicles the right-of-way on cross-town runs. The city's main station is on 23rd street at Madison avenue.

"Stops Prevent Accidents" Joining the discussion, Alderman Samuel Whitmer pointed out stop signs were the answer to prevent accidents.

"We had a yield right-of-way on 23rd street at Grand avenue, and replaced it with a stop sign after a police car on an emergency run was involved in an accident there."

"If people would drive carefully," Whitmer continued, "we could take down all the stop signs. I've been trying to get a stop at 21st street and Lee avenue. There were five or six accidents there last year and five or more the year before."

"If we take down the stops, we'll be sorry. They prevent accidents. What we need is a study on the need for stop signs and to conform with the state highway department requirements."

The street committee, headed by Alderman Estlin Von Schmitt, is to study the 23rd and Benton street problem.

## Sixth Graders Tour Press-Record Plant

The Press-Record offices, print shop and pressroom were toured Monday afternoon by 24 sixth grade students from Nameeki grade school who were accompanied by Principal Donald Kopp, Teacher Miss Lucille Macleod and a mother of a student, Mrs. Roy Wilmszig.

The group watched the making of a picture engraving on the Press-Record's Fairchild engraver, viewed old copies of the paper on a Recordak machines and watched the operation of type-setting machines and the newspaper press.

In the group were Mike Corrado, Jim Thiel, Melvin Law, Bobby Jones, Aereatha Weeks, Debbie Lewis, Donna Julian, Denise Graft, Debbie Knapp, Darla Walton, Louise Reese, Kathy Kaiser.

## Light Industry Group Making Program Plans

Letters were mailed this week to members of the Tri-Cities Chamber of Commerce Light Industry Committee seeking suggestions for programs to be presented during the coming year.

Dale Arnette, chairman, said he hopes the committee will

present a limited number of "first class" programs, similar to the tax information program last year. He said subject suggestions should be along informational lines, to help light industry improve management standards and develop business.

## Need 1927 Pumper To Pump Basements

The Tri-City Shrine Club's request to buy the city's 1927 fire pumper truck for \$1 was rejected Monday night by Granite City council members. The organization had planned to use it for parades and conventions.

However, it was proposed by Alderman Walter Nomm that the truck be retained by the city for use in the event of basement flooding in the city.

Nomm was a leader in the attack against a bond issue defeated last fall. It would have added storm sewers for the city, designed to prevent basement flooding.

### BRIDAL SHOWERS HONORS MISS JOAN GNOJEWSKI

A personal shower was held Tuesday evening as a surprise, honoring Miss Joan Gnojewski, daughter of Mr. and Mrs. Leonard Gnojewski. She is to be married Saturday morning at St. Mary's Catholic Church.

The shower was given at the home of Mrs. Nettie Gnojewski, 1608a Fifth street, grandmother of the honoree, by the bridesmaids. The hostess was Margaret Gnojewski, who will serve as maid of honor for her sister.

Those attending were Pat Mafeski, Rosemary Sanders, Delores Pashke, Penny Maerz, Jerry Dion, Pat Rozoyke, Mary Margaret Egan and Pat Anderson. They arrived with packages which the honoree opened.

Refreshments served were appropriate for the occasion.

### MONTHLY MEETING OF TWILIGHT CLUB

Mrs. Pauline Holman served dinner in her home, 2001 Johnson road, Monday evening to members of the Twilight Club, of which she is a member.

Pinchle was played after the dinner hour, with Mrs. Ed Doregazi placing first, Mrs. Sandra Bray second, Mrs. Bernice Townsend third and Mrs. Lucille Broyles fourth. Prizes were awarded.

Mrs. Marie Miller, Mrs. Mary-etta Wambach, Mrs. Bunny O'Connell and the hostess also participated in the game. Mrs. Miller has invited the members to her home, 1540 Sixth street, for the next meeting, which is to be held Feb. 25.

### PLAN COOKIE SALE

A weekly meeting of Girl Scout Troop 170 was held Monday afternoon in the lunch room of Louis Bae school with the leader, Mrs. Jackie Frizell. The meeting was opened with the pledge of allegiance to the flag and a flag ceremony.

The cookie sale was discussed, with the troop making plans to attend a meeting at the Washington Theatre Saturday morning. Each girl made a large envelope of colored art paper to hold her badge work.

The meeting was closed with "Taps" by Jackie Frizell, Kathy Bradford, Marie Bradford, Phyllis Frizell, Christine Kelly, Norma Kelly, Sharon Morgan, Connie Piechowski, Mary Stroder, Debbie Votaw, Laura Wilson and Ruby Young.

Richard Kiernski gave the opening at a weekly meeting of Don Three of Cub Scout Pack 47 Monday afternoon in the home of the leader, Mrs. Anthony Ratkiewicz, 1008 Fifth street. The pledge of allegiance and the cub scout promise were said in unison.

A work project was completed at the meeting, and the boys are to prepare for the blue and gold banquet. Two games were played, with Mrs. Ratkiewicz reminding the boys to tell their parents of a meeting for parents Monday evening at St. Mary's school cafeteria.

The meeting was closed with prayer by Kevin McIlvoy. Other cubs present were Kevin McGarvan, Kenneth Bonk, Tom Friend, Stanley Lapski and the den chief, Arthur Ratkiewicz. Refreshments were served by the leader.
